

GJE is a top-ranked firm of intellectual property attorneys helping clients of all sizes to identify, protect and manage their IP assets.

## Higher Education

GJE has substantial experience working with entrepreneurial Professors, Technology Transfer Offices, University investment funds and associated spinout companies. Clients include leading universities in the UK such as Cambridge, Oxford/ISIS, UCL, Kings, Imperial, Southampton and many others, as well as universities across Europe.

GJE has helped a number of university spinouts from start-up stage through to growth, fund-raising and exit, including Karus from the University of Southampton; Lipoxen from the School of Pharmacy; Revolymer from Bristol University; Reneuron from UCL; Ionscope from Imperial College; Biocompatibles from the Royal Free; Cavendish Kinetics, Entropic, Cronto and Cambridge Display Technology from Cambridge University.

GJE has a specialist Higher Education group to help understand and respond to the specific needs of academic bodies, keep updated on important issues and share knowledge internally. The GJE team offer a great depth of specialist expertise across most technical and technology areas and just as importantly in this difficult economic climate for university bodies, offer cost effective and innovative solutions without sacrificing top quality advice.

We would be delighted to discuss your specific needs.
